WORK EXPERIENCE

TradeFinders, Noida, Uttar Pradesh

August 2025 – November 2025

Internship

- Built an LLM in the loop automation pipeline which helped cut time required for clients' website design by 90%
- Built an ETL Pipeline reducing prospecting time by 80%
- Focus areas include Ai assisted Automation, Web Scraping, and Agentic Pipelines.

PROJECTS

AI Minisite Automation | [Read more](#)

- Reduced minisite design and approval cycles from ~1 week to ~30 minutes. Replaced repetitive template-based design with highly personalized, AI-generated layouts. Removed manual back-and-forth between managers, designers, and clients, enabling rapid iteration and same-day approvals

Automated Prospecting ETL | [Read more](#)

- Reduced prospecting time from 3–4 days to ~30 minutes. Eliminated manual filtering and duplicate cleanup. Enabled faster sales and outreach workflows with consistent, reusable datasets.

Legal Docs Briefing | [GitHub Link](#) | [Read more](#)

- Legal Docs Briefing is a production-oriented document intelligence tool built to extract structured insights from complex legal PDFs. Clients upload legal briefs, which are automatically parsed, segmented, and processed using an LLM pipeline designed for precision and repeatability.

Project Alfred (Mobile) | [GitHub Link](#) | [Read more](#)

- Built an Android application that integrates a native port of llama.cpp to enable on-device LLM inference.

SKILLS

- **Programming & Automation:** Python, Bash, Selenium, Streamlit
- **Operating Systems & Networking:** Linux (Ubuntu, Fedora, Arch)
- **Databases:** MySQL
- **Tools:** Git & GitHub
- **AI & ML Skills:** LangChain, Hugging Face, OpenAI API, Gemini, BLIP2, FAISS, Llama.cpp
- **Troubleshooting & Support:** Problem-solving from hands-on AI projects and workshops.
- **Soft Skills** – Customer Support & Communication, Problem-Solving, Collaboration, Technical Writing

CERTIFICATIONS

- **Machine Learning Specialisation** – *Stanford Online, Instructor: Andrew NG*

July 2023

EDUCATION

Vivekananda Institute of Professional Studies-Technical Campus

Bachelor of Computer Applications (BCA)

Oct 2022 – May 2025
